South Carolina Day by Day

Family Literacy Activity Calendar

*“the things you learn with joy,
you’ll remember forever”*

The South Carolina State Library is proud to introduce the fifth anniversary of the *South Carolina Day by Day Family Literacy Activity Calendar*. You will be excited to watch your child open up to a whole new world through books, reading, and arts and crafts. The activities that fill this calendar are selected to support the areas of learning that should help your child become ready for school and ready for reading. Our goal is to help provide you with the tools that make spending time together easy and fun, while at the same time serving as a guide for learning new things about our state and our world. In addition to suggesting activities using materials found in your home, we provide lists of books and music which you can find at your local library, along with many other educational resources. The South Carolina State Library, public libraries across the state, and our partner organizations are here to assist and support you as your family transitions through the early learning years to the school years. We hope that this calendar is a springboard to provide your family with a love of learning to span a lifetime.

There is an African proverb that says: when an elder dies the village loses a library. In societies that draw on oral traditions to pass down their literature, the storytellers, griots, grandmothers, and grandfathers were the living libraries that passed on the myths and stories that explained natural phenomena, the history of the nation, the exploits of warriors and rulers, and the fables and proverbs that taught people how to act and interact with one another.

Our own literary traditions, reflecting the need that all of us have to affirm our existence and bring order to our lives, are not that far removed from the oral traditions of our ancestors. We no longer sit around the campfire drawing strength from the wisdom of our elders. The wisdom of our “Tribe” is now written. Though youngsters have any number of distractions, everyone still loves a tale well told, or a story well written. Literature is personal and powerful.

Parents, teachers, librarians, and all of us who care about children and children’s literature might be the last line of defense — the new age griots — connecting children with literature. We really don’t know what will strike a child’s or a young person’s fancy, so we have to expose the youngsters who come before us to as wide a range of literature as we can and let them make the choice. We must gather all of our children around the campfire and find those tales and those stories that will strengthen and sustain ourselves and each and every one of them.

Award-winning author of many books including *One True Friend* and *I Thought My Soul Would Rise and Fly*.

About the Calendar

Children love to learn, and your child learns best when doing fun and interesting activities with you. This calendar provides daily activities for you to do together that are enjoyable and educational. These activities will help you get your child ready to succeed in school. Many of the activities require no supplies or use only common household items. “Play” is a child’s “work” so simply playing with your child using the daily activities is the goal. Remember, the things you learn with joy, you’ll remember forever.

Tips for Using the Calendar

- Every month includes a booklist of suggested titles to read with your child. These are just suggestions. Choose books together with your child that you will both enjoy.
- Each day has an activity to do together. Like the booklists, these are suggestions. You can change them to better suit your child or make up your own activity.
- Some activities use salt dough or homemade play dough. Easy recipes for both are in the “Arts & Crafts” section of this calendar located in the back.
- If a book or activity is not interesting to your child, stop and try something else. The goal is to make learning fun.
- Children love to read the same books over and over, and doing so gives them a certain assurance and confidence. Read a book as many times as a child wants.
- Every child learns at his/her own pace. If you are doing these activities with more than one child, make sure to praise each child’s effort without comparing them to each other.

Tips for Reading Out Loud

- Reading out loud and talking about books is one of the most important things you can do to get your child ready for reading and success in school.
- Set the Mood: Make yourself and your child comfortable. Sit next to each other or with your child on your lap. Develop a routine of when you might read together.
- Preparation: Look over the book before reading it together to make sure you are comfortable with it. Hold the book so the child can see it.
- Expression: Change your voice for different characters; make your voice soft and loud. Put life and energy into your reading!
- Patience: Take time to answer your child’s questions. Their questions show that they are engaged in the story. It’s ok if your young child can’t sit still through the story. A child who moves around or plays with a quiet toy may still be listening to every word.
- Participation: Let them repeat phrases with you or leave out a word here and there; see if they can fill in the blank. Look at the pictures to help tell the story; ask your child what is happening or what happens next.
- Pace: Don’t race while reading. Take your time.

Tips for Using the Library

- Visit Often: Your local public library always has new books and other resources for you and your child to explore.
- Attend Events: Most libraries have free programs for young children such as story times, puppet shows and summer reading programs.
- Go Online: You can access the Internet for free and find out information on health and wellness, child safety and school readiness.
- Ask a Librarian: If you have trouble figuring out where to start and how to use the library, ask!

This is just the beginning

There is a lot of good information that wouldn’t fit in this calendar. Use the links and resources listed in the back of the calendar to learn more. There are also organizations in your community that offer a wealth of information. This calendar provides contact information for many of these organizations, but be sure to check for others that may be near you. Remember to have fun with your child as they read, learn, and grow!

All Children are Learners

They are unique individuals that learn and develop at different rates. Children learn through play as they explore the world. Your child’s motor skills, language, thinking and social development change dramatically as they grow. Understanding these changes will help you encourage your child to learn and get ready for school.

BABIES (Birth to eighteen months)

- They use sounds to attract attention.
- They are attracted to patterns and high contrasts of color.
- They respond to human voices, music, singing and sounds.
- They rely on senses and like to touch, smell, grasp and taste.
- They learn to understand simple words and directions.
- They learn to imitate simple sounds and motions.
- They learn to help hold a book, turn pages and lift flaps in flap books.
- They begin to understand many words, far more than the number they can say when speech begins.
- They have a very limited attention span.

TODDLERS (Eighteen months to two years old)

- They watch and imitate their parents.
- They want to learn to use things.
- They like stories, songs, rhymes and looking at books.
- They tend to play next to, but not with, others.
- They listen and repeat words.
- They know how to hold a book and turn the pages.
- They do not yet understand numbers but will repeat them.
- They are just learning to talk so it may be hard to understand what they are saying.
- They are just learning how to speak softer and louder.

PRE-SCHOOLERS (Three and four-year-olds)

- They are becoming independent and are beginning to have friends.
- They are imaginative, talkative and they understand rules and consequences.
- They know that printed words have meaning and may recognize some words.
- They can print their name.
- They can draw pictures.
- They understand how to count and may be able to count to ten or higher.
- They can talk in short sentences.
- They want to make friends and play in groups.
- They can ask questions and explain things to others.
- They take turns in conversations.

Reminder: Children develop at their own pace and these are common milestones to guide you.

Eating Healthy

MyPlate illustrates the five food groups that are the building blocks for a healthy diet using a familiar image—a place setting for a meal. Before you eat, think about what goes on your plate or in your cup or bowl.

January: Health and Safety

Thirty days hath September, April, June and November;
Thirty-one the others date, excepting February, twenty-eight;
But in leap year we assign, February, twenty-nine.

Sunday Monday Tuesday Wednesday Thursday Friday Saturday

<p>Make an evacuation plan in case of a fire. Teach your child to "Stop, Drop and Roll."</p>	<p>Let your child cut out or draw various foods they like and that are healthy for them. Glue them on a paper plate and talk about them.</p> 	<p>How about a healthy snack? Try Ants on a Log! Take a stalk of celery, fill the center with peanut butter and put raisins on top. The raisins look like the ants crawling along the log. Ask your child to make up a story about the ants.</p>	<p>Song Day! I like to eat, eat, eat apples and bananas. I like to eat, eat, eat apples and bananas. Now change the vowel sound to A. I like to ate, ate, ate ay-pples and ba-nay-nays I like to ate, ate, ate ay-pples and ba-nay-nays.</p>	<p>Practice Dog Safety Always ask the pet owner if you can pet their dog before reaching out and touching them. Pretend a stuffed animal is a real dog and practice petting them.</p>	<p>Talk about when to wash your hands. Ask your child before and after what activities they think they should wash their hands.</p>	<p>Visit Your Library! Choose books about good health and eating well.</p> 
<p>What are some vegetables you have in your house? Make some soup! If you don't have enough ingredients, draw all the vegetables you would put in your soup.</p>	<p>Talk about the importance of limiting the number of sugary foods you eat. Have a "No Sugar" day today.</p>	<p>Exercise by giving the children a sequence of two things to do. "Jump up, then sit down." Increase to three things. "Touch your nose, turn around, then sit down." Also sing <i>Head, Shoulders, Knees, and Toes</i> to keep up the energy!</p> 	<p>Bath Time! During bath time, talk about the importance of being clean. Make up your own bath song!</p>	<p>Focus on grains. What are they? How many different grains can you find and eat?</p>	<p>Exercise by playing tag or jump rope. If it is too cold outside, dance inside. If your child is a baby, practice bouncing the baby on your knees. You can use the repetition to sing the alphabet or count.</p>	<p>It's a New Year! Make a list with your child of their favorite memories of last year. Have them draw some of the memories to share with friends and family.</p>
<p>Find out your child's favorite vegetable, and cook a meal that includes it.</p> 	<p>Draw safety signs like "Stop" and "Yield." Talk about what they mean when crossing the street. Talk about traffic lights and their colors. Have everyone play the game Red Light, Green Light.</p>	<p>Science Day! Talk about seeds, plants, and how different vegetables are grown. Identify the different parts of plants, such as the roots, leaves, stem etc.</p> 	<p>Mother Goose Time! Wee Willy Winkie Runs through the town Upstairs, downstairs in his nightgown. Knocking at the windows, yelling through the locks "Are all the children in their beds? For it is nine o'clock!"</p>	<p>Concentrate on showing your child how to brush their teeth well. Learn the toothbrush rhyme: I have a little toothbrush, I hold it very tight. I brush my teeth each morning and then again at night.</p>	<p>Draw pictures of different fruits and vegetables and save them for tomorrow's activity.</p> 	<p>Take the pictures from yesterday and put them on popsicle sticks or straws to make a puppet show about eating healthy. Invite everyone in the house to participate.</p>
<p>Help your child make a noisemaker out of pasta, cereal, or beans by placing some in a paper cup and taping another on top. Use it to read the rhymes on this page.</p>	<p>Make a Nutrition Train! The body works like a "Nutrition Train." Along the way, whatever children eat gets loaded onto the train. Bad foods slow the train down. Healthy foods speed the train up and help it work right. Make your own train. Draw the good things that are part of the train!</p>	<p>Mother Goose Time! Little Miss Muffet sat on her tuffet, eating her curds and whey. Along came a spider, who sat down beside her and frightened Miss Muffet away. Today we call curds and whey cottage cheese!</p>	<p>Play a game outside like Tag, Kick the Can or Hide and Go Seek. If it is too cold to be outside, then exercise by putting on music and dancing fast. Talk about some of your favorite songs.</p>	<p>Talk about being safe. Make sure everyone in the family knows their name, address, telephone number, and what to do in case of an emergency.</p>	<p>Song Day! Sing: <i>Are You Eating</i> to the tune of <i>Frère Jacques</i> Are you eating Are you eating Healthy foods? Healthy foods? For your body needs them For your body needs them Everyday Everyday.</p>	<p>Talk about the right way to cross a street: hold hands, look left, then right, then left. Can you remember safety signs from the activity earlier this month? Try to draw the signs you see every day.</p>
<p>Everyone dance together and you can make up your own tune. Then do the <i>Hokey Pokey!</i></p> 	<p>Let your child make their own pretend first-aid kit for dramatic play with a box, cotton balls and swabs, popsicle sticks, and cut up gauze or use toilet paper.</p>	<p>Cows provide dairy and milk makes your body and bones strong. Can you drink two glasses of milk today and talk about all the different bones in your body?</p>	<p>Talk about how important vegetables are to being healthy. Try to eat three different vegetables today.</p>	<p>Song Day! Sing and march to <i>Do Your Ears Hang Low?</i> Do your ears hang low? Do they wobble to and fro? Can you tie them in a knot? Can you tie them in a bow? Can you throw them over your shoulder Like a Continental soldier? Do your ears hang low?</p>	<p>Eat the Rainbow! Help your child list or draw a fruit for each color in the rainbow.</p> 	<p>Mother Goose Time! Old MacDonald had a farm e-i-e-i-o. And on that farm he had a cow e-i-e-i-o. With a moo moo here and a moo moo there. Here a moo, there a moo, everywhere a moo moo. Old MacDonald had a farm e-i-e-i-o.</p>

The Gullah Culture

The term Gullah describes communities of people who live on the Sea Islands of South Carolina and Georgia. The unique blend of the West African culture, combined with European and Native American influences resulted in the distinct culture and language that is known as Gullah. Gullah traditions are the custom, beliefs and ways of life that have been passed down among Sea Island families. Making sweetgrass baskets, quilting and knitting fishing nets are a few of the crafts that parents and grandparents teach children. Folklore, stories, and songs were handed over the generations.

February: Colors

South Carolina Spotlight: Ron and Natalie Daise

Storyteller and author Ron Daise and his wife Natalie perform around the country with their Sea Island Montage performances, which include singing, dancing, and storytelling focused on Gullah heritage. Ron and Natalie also starred in the award winning Nick Jr. show, *Gullah Gullah Island* and continue to share the joy of learning about the Gullah culture through books, music, and crafts. They live in Beaufort, South Carolina with their children.

South Carolina Spotlight: Jacqueline Woodson

Jacqueline Woodson spent her early childhood in Greenville and now lives in Brooklyn, New York. Her award-winning books for both children and young adults feature African-American characters and tell compelling stories. She says "I loved and still love watching words flower into sentences and sentences blossom into stories."

Get Ready for Kindergarten!

- Read daily with your child, and talk together about what you are reading.
- Encourage your child to tell stories with words and pictures.
- Listen to music and encourage your child to sing songs.
- Encourage make-believe play.
- Offer opportunities for sorting, matching, counting, and comparing.
- Play word games (spoken and written).
- Talk about and illustrate the differences between different living things, and encourage questions about the natural world.

March: Seasons

South Carolina Spotlight: Tom Feelings Tom Feelings was an award-winning illustrator of children's books. Originally from New York, he lived around the world including Columbia, SC where he taught Art at the University of South Carolina. It was during that time he published *The Middle Passage*, the 1996 Coretta Scott King Award winner. In his own words, Feelings said, "When I am asked what kind of work I do, my answer is that I am a storyteller in picture form, who tries to reflect and interpret the lives and experiences of the people who gave me life." You may want to read his Caldecott Honor books — *Moja Means One: A Swahili Counting Book* and *Jambo Means Hello: A Swahili Alphabet Book*. Mr. Feelings passed away in 2003.

Cocky's Reading Express

Cocky's Reading Express is a collaboration of the University of South Carolina Student Government and the University's School of Library and Information Science. USC students travel the state with the school's mascot, Cocky, visiting elementary schools. Cocky helps the children understand the importance of life long reading. Children are given books to take home as a reminder of their fun day with Cocky!

April: Reading

South Carolina Spotlight: Augusta Baker Augusta Baker is one of those names that should be spelled out in dazzling lights in the children's room in every library in the United States. Storyteller, author, compiler, activist, and children's librarian, her influence on programming and collection development policies in public libraries is legendary. The stories in her collections are fine examples of "the tellable tale" and her book on storytelling is likely the most influential storytelling book ever published. In 1980, Ms. Baker moved to Columbia, SC and served as USC's storyteller in residence for 14 years. Her legacy lives on through an annual storytelling festival in her honor and connections made with the public library and the university.

May: Animals

"I had quite an adventurous childhood growing up in South Carolina. I got trapped in a secret tunnel, was chased by counterfeiters and once I even found a haunted showboat in a deserted bayou. Oh, wait, that was Nancy Drew. But I felt like I was right there with her, shining my flashlight into moss-covered mansions and searching for clues in crumbling walls. Send your kids on the adventure of a lifetime. Open a book."
 — Lucy A. Nolan, South Carolina author of *Mother Osprey* and the *Down Girl & Sit* chapter book series

South Carolina Spotlight: Kate Salley Palmer

Kate Salley Palmer was born in Orangeburg and graduated from USC. She was the first full-time editorial cartoonist in South Carolina, starting in 1978, winning many awards throughout her career. In 1984, she began writing and illustrating children's books, and in 1998, started Warbranch Press with her husband. Perhaps one of the most well-known is *Palmetto – Symbol of Courage* which tells the story of South Carolina's state tree. The third grade at Ashley Hall school in Charleston was so inspired by Kate's book that they wrote an original play, complete with music, based on the story of the little palmetto log fort on Sullivan's Island. Kate and her husband Jim, a retired Clemson University professor live near Clemson, SC. On being an author, Kate has said, "I became a writer because I started to read at a very young age."

June: Food

The Certified South Carolina program is a cooperative effort among producers, processors, wholesalers, retailers and the South Carolina Department of Agriculture (SCDA) to brand and promote South Carolina grown and produced products. Look for the Certified SC Grown logo where you shop, including local farmers markets to remember to buy local.

Music for All Ages

Many local libraries have children's music that you can check out and bring home. Make sure to ask a librarian about what kind of music would be perfect for you and your child. A recommended list of children's music is also included in the back of this calendar.

July: Music

"Music is as inherently motor as it is auditory. Many of us 'conduct' while listening to classical music, hum along with show tunes, or dance to popular music."

—Dr. Mark Jude Tramo, musician and scientist

August: Imagination

“One of my favorite quotations is Frederick Douglass’s belief that ‘Once you learn to read, you will be forever free.’ In my life, reading has made me free to experience the worlds of others through fiction, non-fiction, poetry, and plays. And reading has made me free to become a writer myself. I hope that my words will inspire others the way that Frederick Douglass inspired me.”

— Dianne “Dinah” Johnson, South Carolina author of many books including *Quinnie Blue*

South Carolina Spotlight: Peggy Parish

Born in Manning, Margaret "Peggy" Parish made writing stories — including fiction, nonfiction, and craft books — for children her life's work. By far, her most popular and well-known books are the Amelia Bedelia books: a housekeeper who takes all of her employers' instructions literally resulting in comedy that delights children even today! Peggy Parish was also a supporter of the Harvin Clarendon Public Library and a statue of Amelia Bedelia is located in front of the library. Sculpture created by Jim Chacconas. October: Numbers

“The right book for the right child at the right time’ isn’t just a slogan. It’s a reminder that every child has likes and dislikes that we want to respect when choosing books. Silly or scary, bulldozers or ballerinas- we need to know the child and know the books in order to make choices that will create enthusiastic readers.”

— Fran Hawk, South Carolina author of children’s books including *Count Down to Fall*

Native American Heritage Month

November is the month set aside to highlight the significant contributions the very first Americans made to the establishment and growth of the United States. At one time, many distinct groups of Native Americans lived in South Carolina with locations across the state still bearing those Indian place names. The Native Americans played an important role in the state's history and many tribes are still active. There are a total of 30 different tribal entities in South Carolina today.

How to Share Books with Your Child

Repetition is important when sharing books with your child. If they have a favorite, read it enthusiastically! Use different voices and makes noises mentioned in the book. Point out words as you read them so your child begins to connect the words and noises you are making to what is on the page. When sharing books about ABC's, coloring or counting books, remember that you are reading for enjoyment, not to try to teach your child skills.

November: Family

GrandFamily Resource Centers are located in various county libraries throughout South Carolina. The intent of the GrandFamily Resource Centers, created by the South Carolina State Library in partnership with public libraries, is to create one location in a community where resources for grandparents who are raising their grandchildren can be housed. If you are a grandparent raising your grandchildren, be sure to check your local library for valuable resources and assistance.

Everyday Fun to Get Your Child Ready to Read

Many of the daily activities included in this calendar can be adapted for you and your baby. The point of the activities is to have fun learning – feel free to change them to better suit you and your little one. Keep in mind that learning to read begins now – way before your child ever starts school.

Five of the best ways to help your child get ready to read are by doing the following together everyday:

- Talking
- Singing
- Reading
- Writing
- Playing

December: Friends

South Carolina Spotlight: Betsy Byars has written over sixty books for young people. Her first book, *Clementine*, was published in 1962 and since then she has authored many award winning books including the Newbery Medal winner *The Summer of the Swans*. Betsy lives with her husband Ed on an air strip in the upstate of South Carolina.

Choosing Books for Babies

- Board books are popular for babies because they are small and sturdy.
- As your baby learns to grasp things, choose light, washable cloth or vinyl books.
- Choose books with bright, colorful illustrations, geometric shapes and clear pictures of human faces with high contrast between the picture and the background.
- Choose books with familiar objects or routine events like taking a bath or going to bed.
- As your baby gets older, choose books with textures, things to touch and flaps to lift.
- Babies of any age enjoy homemade books and family photo albums.
- Mother Goose rhymes are always a good choice.

Tips for Sharing Books with Babies

- **Set the Mood:** Pick a time when you and your child are in a good mood, ready to enjoy your time together. Choose a quiet spot. Turn off the TV and the radio. Your voice is your child's favorite sound. Babies enjoy a soft, sing-song voice.
- **Preparation:** Choose books you will enjoy. Don't worry if you think you are not a good reader yourself. Even if you just talk about the pictures, you and your child will gain the enjoyment from the experience of reading together.
- **Participation:** Hold your baby in your lap and be sure (s)he can see the pages. Let your baby interact with the book and pages. Ask questions and point out objects. Do not be upset if your baby grabs the book and begins to chew on it. That is normal! If your baby puts a book in his mouth, you might try to gently and slowly take the book away from the baby's mouth and cheerfully say, "Let's see what's inside this book!" If your baby just wants to play with the book, that is fine. Perhaps you can try to read it together later.
- **Read Often:** Spend time every day reading a book with your baby. Let your baby play with books. Keep a book in your diaper bag so you can pull it out when it is convenient.

Special Information about Babies and Reading

Reading out loud helps babies to associate reading with warm, pleasant feelings. It introduces babies to sounds and rhythms, especially through rhymes like Mother Goose and poetry. Babies make sounds first — gurgling and cooing — which eventually become talking. They point, touch and chew on books, which help to develop their senses. Brain research has shown that your child's brain is being "wired" continually in the first months and years of his life. This "window of opportunity" is the perfect time to read aloud and share books with your little one.

South Carolina Spotlight

Born in Cheraw, Jazz King Dizzy Gillespie is one of South Carolina's most famous artists. This founder of modern jazz was an innovative trumpeter known for his bent horn, bulging cheeks, and sense of humor. The town of Cheraw on the anniversary of his 85th birthday dedicated a seven foot bronze statue of Gillespie playing his trademark bent horn on the town green, designed by Ed Dwight. The inscriptions at the base highlight Gillespie's extraordinary musical career. Gillespie's image is almost inseparable from his trademark trumpet whose bell was bent at a 45 degree angle rather than a traditional straight trumpet. You can see his equally famous B-flat trumpet in the Smithsonian's National Museum of American History. *Photo courtesy of the town of Cheraw.*

“Music, Music, Music”

“Music, music, music” are the words to an old song that reminds us that the connection to music is in each one of us. Many studies have shown the incredible impact music can have on a child's development. Children can respond to music in the womb and, by a few months old, their wiggling and cooing demonstrate their reaction to a particular song, melody or rhythm. By the age of two, the brain signals the body to develop a sense of physical rhythm as well as movement like marching and dancing.

Music is for Every Age

From newborn infants to adults, we all respond and connect to music. Babies under six months tend to use their whole bodies (such as wiggling) if they hear music they like. As they grow older and motor skills begin to develop, they start to clap their hands or shake a rattle. To children, their parent or caregiver's voice is their favorite sound so it is important to spend time singing with your child.

Sing, dance, play and move with your child throughout each day. As your child grows older, you can expose your child to all different kinds of music including classical, world music, reggae and oldies. Many contemporary and classic songs are filled with wonderful drumming and rhythm sections that inspire dancing.

Many mainstream rock and pop bands release albums for children. *Rockabye Baby*, for example, is one series that includes instrumental lullaby versions from bands such as Coldplay and Pink Floyd. If you prefer more traditional children's music, make sure to check your library for the selections recommended in the “Children's Music to Check Out!” section.

Arts & Crafts

Play Dough

1 cup flour
1 cup water
2 tsp. cream of tartar
1/3 cup salt
1 Tb. vegetable oil
food coloring

Instructions:

In a saucepan, mix flour, cream of tartar and salt. Add water and vegetable oil. Turn burner on medium/low and stir. Before it thickens, add food coloring and stir. Continue stirring until it separates from pan and no longer looks wet. Remove and put on wax paper until it cools. Knead cooled dough and store in plastic bag.

Salt Dough

1 cup of fine salt
1 cup of flour
1/2 cup of water (may add more)

Instructions:

In a large bowl, combine the salt and the flour. Make a well in the salt/flour mixture and add the water. Knead until smooth and shape into a ball. When not in use, wrap in plastic or store in an airtight container.

HINT: To get a softer dough you can add more flour. Add more salt to get more texture. To add color to your dough, add food coloring or paint. Knead to get an even color.

Bubble Blowing Solution

3 cups water
1 cup liquid dish detergent
1 Tb. sugar

Instructions:

Combine ingredients well. Dip bubble wand in and blow. To make a bubble wand you can bend a pipe cleaner, wire or wire hanger into shape. For colored solution, add food coloring.

Sock Puppet

1 old, mismatched light colored sock
Glue
Construction paper
Yarn
Markers

Instructions:

Have your child put the sock on their hand to see how it would work as a puppet. Help them decide what kind of puppet they would like to make. Using glue, paper, markers, yarn and any other craft supplies you might have, create a face and hair for the puppet. Once it is finished, your child can give their new sock puppet a name and use it to tell a story.

Binoculars

2 toilet paper tubes or 1 paper towel tube
Yarn
Markers, crayons or stickers
Tape
Holepunch or scissors

Instructions:

Tape the two toilet paper tubes together. If using a paper towel tube, cut it in half and tape two pieces together. Make a small hole in each side and tie string around to make a necklace. Decorate tubes with markers, crayons or stickers. Once completed, ask your child to describe what they see when they use their binoculars.

Beaded Bracelet

1 pipe cleaner
Assorted beads

Instructions:

Bend the end of the pipe cleaner so that the beads will not fall off. Show your child how to thread the beads onto the pipe cleaner. Encourage them to make a color pattern or to count the beads. Once the pipe cleaner is almost full, bend the two ends together to make a bracelet.

Edible Finger Paint

Vanilla or plain yogurt
Food coloring
Paper or paper plate

Instructions:

Divide yogurt up into separate containers to make as many colors as you would like. Add food coloring to each and mix. Encourage your child to use his fingers to dip in the paint and draw a picture on the paper or paper plate. If your child is hesitant to touch the paint with his fingers, let him use a paintbrush or Q-tip. Refrigerate any left over paint to use within the next few days.

Paper Plate Mask

Paper plates
Construction paper
Scissors
Markers
String
Glue

Instructions:

Cut two circles out of the paper plate for your eyes. Decorate the paper plate with crayons, markers, colored pencils, or even cut outs from magazines. Use construction paper to cut out shapes for ears, trunk, or nose. Using scissors or a hole punch, make two small holes near the side of the plate to attach string. Pull the string and make a knot, then take both pieces to tie around the back of your child's head. Be creative with what you have to decorate the mask. Stickers, pieces of fabric, feathers, or other items make great decorations.
